- I understand any disciplinary action against me (such as being thrown out of any regular season game) or breaking any other coaching guidelines can eliminate me from coaching or being an assistant for any All-Star team.
- All-Star coaching staff should be limited to head coach, dug out coach, and 2 base coaches. Maximum.
- All-Star practices will be limited to maximum of twice a week for a maximum of 1 ½ hours per practice.
- All-Star coaches should make sure their assistants read and understand these guidelines as they apply to them.
- I will provide a sports environment for my team that is free from inappropriate language, drugs, and alcohol, and will refrain from their use at any league event.
- I will teach techniques that discourage illegal contact, intentional dangerous play, and reduce the risk of injury to both my players and the opponents.
